Hi Dave

Hope you are well

Last night at the All Candidate meeting I froze and I would like to apologize to you and your Bob Lake Association.

I have never been that nervous and my brain just shut down and I couldn't relax.

This journey that I began in June has opened my eyes and I have learned so much and hope to continue. Public speaking will not go on my resume.

I truly hope that the attendees last night will not hold this against me and will continue to support me. I do not have a personal agenda I would just like to be your voice.

Thank you

Shirley Johannessen

Answers

1) I do not have a website. I have a Facebook page that is attached to my personal page.

People can contact me either by email

[johannessenshirley@gmail.com](mailto:johannessenshirley@gmail.com)

Or phone 705 854 0701 or Facebook anytime or stop me on the street.

2) Yes, I am familiar with your struggles. I have reviewed the Bob Lake website numerous times to get familiar with the concerns. And I have talked personally with many people and have been brought up to speed.

3) My position is extremely strong regarding the Boat launch. It was taken away and it desperately needs a solution. The water is like our roads - they need to be accessible for all to use.

4) 100% The County should maintain a public boat launch on every Lake for the Town and Residents to have access to. I would work with Bob Lake Association and be your continued voice and together we can resolve this. I will continue to be approachable.

Thank you
